Hogwarts had the top attendance with 97.8%.

Whole school attendance since September is 96.65%. National expectation is 96%.

Writes Photography

You should now all have received a copy of the class/group photos that your child took part in. As always, the children put on their happiest faces for the camera, and we hope you enjoyed viewing them up close at our parents' evening this week.

Red Lion Menu Competition Winners

We recently held a fantastic competition with The Red Lion. Becky, the landlady, was looking to refresh the children's menu so we handed over the challenge to the experts... the children!

They were invited to design their own starter, main course and dessert. We were blown away by the number of creative entries we received. A huge well done to our joint winners Freya and Isla and our runners up Louie and Abby. The winners received a £50 voucher each for the Red Lion to try out their own menu! We hope you enjoy your well-deserved meals!

Polite Reminder

Please remember to keep the roads clear outside the school, particularly along the yellow zig-zag markings. These markings are there to help keep everyone safe.

Keeping this area clear ensures that our families and children are able to cross the road safely when arriving at and leaving school.

Thank you for helping us keep our school community safe.

More Competition Winners!

Our Junior Online Safety Officers teamed up with Miss Haynes to run an exciting competition across the school! Following our online safety workshops with the Lincolnshire Stay Safe Partnership, children were challenged to design a poster all about keeping themselves safe online.

Congratulations to the winners of our Online Safety Poster Competition! Your messages were thoughtful, important, and truly inspiring. Your creativity and effort really shone through—well done!

Enchanted Forest are growing!

To launch our new topic, Growing, the children took part in a wonderful outdoor planting session. The EYFS children planted sunflower seeds, flowers, and tomato plants, carefully exploring the soil and talking about what plants need to grow. It was a beautiful day to be out in the garden, and the sunshine made the experience even more special.

We were also very excited to plant some rhubarb that was kindly donated by Mr. Grimwood, a big thank you to him for supporting our garden project! The children showed great curiosity, teamwork, and care. We can't wait to watch everything grow over the next few weeks! The children used their skills to create Mothering Sunday gifts – we hope you enjoy them.
